- 4.8 When the Client enters into a Contract Option with Benor Capital Ltd, Benor Capital Ltd will act as counterparty to the Client. Benor Capital Ltd will enter into a contract with a Counterparty which is identical in all respects to the contract between Benor Capital Ltd and the Client. The Counterparty will in turn enter into a contract on the relevant exchange (unless Market Rules requires the Counterparty to act as Benor Capital Ltd's agent in which case Benor Capital Ltd will enter into a contract on the exchange). - Benor Capital Ltd considers that the Client may be in possession of Inside Information;
- Benor Capital Ltd considers that there are abnormal trading conditions; or
- Benor Capital Ltd is unable to calculate prices in the relevant Contract due to the unavailability of the relevant market information.

Benor Capital Ltd informs the Client of the withdrawal and the reasons for it, where possible, before the withdrawal and if this is not possible immediately thereafter, unless giving such information would compromise objectively justified security reasons;

4.9.8 Benor Capital Ltd reserves a right to raise commission on withdrawal up to 4.5% in case there is no sufficient trading activity between last deposit and withdraw request.

5. DEALINGS BETWEEN THE COMPANY AND THE CLIENT

5.1 The Client may provide Benor Capital Ltd with oral or written instructions (which shall include instructions provided via the internet or by e-mail as described below). Benor Capital Ltd shall acknowledge the reception of the instructions orally or in writing, as appropriate.

5.2 The Client shall inform Benor Capital Ltd in writing of the persons the Client has granted a Power of Attorney to instruct Benor Capital Ltd on behalf of the Client. For practical reasons, Benor Capital Ltd can only undertake to register one Power of Attorney for the Client. If the Client at any time wishes to revoke such a Power of Attorney, to change the extent of the Power of Attorney, or grant Power of Attorney to a different person this shall also be informed to Benor Capital Ltd in writing. Benor Capital Ltd is in accordance with general rules regarding Power of Attorneys entitled to receive instructions from any person authorised by the Client as well as persons who appear authorised.

5.3 In addition to the terms listed on Benor Capital Ltd's Website and the terms stated in Section 5 regarding the Trading Platform, the following terms apply to Contracts executed on the internet:

5.3.1 Benor Capital Ltd shall not undertake the risk towards Clients for any loss, expense, cost or liability suffered or incurred by the Client due to failure of the system, transmission failure or delays or similar technical errors unless Benor Capital Ltd has exercised gross negligence in connection herewith, notwithstanding Clause 6.9;

5.3.2 Benor Capital Ltd may offer real-time tradable prices to the Client. Due to delayed transmission between the Client and Benor Capital Ltd the price offered by Benor Capital Ltd may have changed before an order from the Client is received by Benor Capital Ltd. If automatic order execution is offered to the Client, Benor Capital Ltd shall be entitled to change the price on which the Client's order is executed to the market value at the time at

which the order from the Client was received;

- 5.3.3 Prices offered by Benor Capital Ltd regarding the sale, purchase or exercise of Contract Options reflect the price of the relevant exchange traded product. Due to delays from the Client's execution of an order or instruction regarding a Contract Option to the execution of the relevant exchange traded product on the exchange, the price as listed on the Trading Platform is subject to change, in order for the Contract Option to reflect the price of the relevant exchange traded product at the time of its execution or exercise (as applicable);
 - 5.3.4 The Trading Platform may be available in several versions, which may be differentiated in various aspects including, but not limited to the level of security applied, products and services available etc. Benor Capital Ltd shall not be liable to the Client for any loss, expense, cost or liability suffered or incurred by the Client due to the Client using a version different from Benor Capital Ltd's standard version with all available updates installed;
 - 5.3.5 The Client shall be responsible for all orders, and for the accuracy of all information, sent via the internet using the Client's name, password or any other personal identification means implemented to identify the Client;
 - 5.3.6 The Client is obliged to keep passwords secret and ensure that third parties do not obtain access to the Client's trading facilities;
 - 5.3.7 If the Trading Platform is used for Commercial use the Client is liable to Benor Capital Ltd for Contracts executed by use of the Client's password even if such use might be wrongful;
 - 5.3.8 Regardless of the fact that the Trading Platform might confirm that a Contract is executed immediately when the Client transmits instructions via the Trading Platform, it is the Settlement/Trade Confirmation forwarded by Benor Capital Ltd or made available to the Client on the Trading Platform which solely constitutes Benor Capital Ltd's confirmation of execution.
- 5.4 Any instruction sent via the Trading Platform or by e-mail by the Client shall only be deemed to have been received and shall only then constitute a valid instruction and/or binding Contract between Benor Capital Ltd and the Client when such instruction has been recorded as executed by Benor Capital Ltd and confirmed by Benor Capital Ltd to the Client through the Settlement/Trade Confirmation and/or Account Statement, and the mere transmission of an instruction by the Client shall not constitute a binding Contract between Benor Capital Ltd and the Client.
- 5.5 The Client shall promptly give any instructions to Benor Capital Ltd, which Benor Capital Ltd may require. If the Client does not give such instructions promptly, Benor Capital Ltd may, at its reasonable discretion, take such steps at the Client's cost, as Benor Capital Ltd considers necessary or desirable for its own protection or the protection of the Client. This provision is similarly applicable in situations when Benor Capital Ltd is unable to obtain contact with the Client.
- 5.6 If the Client does not provide Benor Capital Ltd with notice of its intention to exercise an option, a Contract Option or another Contract which requires an instruction from the Client at the time stipulated by Benor Capital Ltd, Benor Capital Ltd may treat the option or Contract as abandoned by the Client. If the Client wishes to exercise an option, Contract Option or another Contract, the Client must provide Benor Capital Ltd with notice thereof in reasonable time (and within applicable cut-off times) for Benor Capital Ltd to exercise the corresponding right under any contract equivalent to the Contract Option that Benor Capital Ltd has entered into with any Counterparty. Contract Options (put and call) that close one tick or more in the money on the last trading day will automatically be exercised, regardless of whether the Client has purchased or sold the Contract Option. The Client cannot instruct Benor Capital Ltd not to exercise Contract Options that are in the money at expiry and cannot at any time instruct Benor Capital Ltd to exercise Contract Options that are out of the money.
- 5.7 Benor Capital Ltd applies a random method of assignment among its Clients' Contract Options when Benor Capital Ltd is notified by its Counterparties that one or more short option positions have been assigned. Benor Capital Ltd's allocation method randomly selects short Contract Options among all

Benor Capital Ltd's Clients' positions, including Contract Options opened immediately prior to the assignment. All short Contract Options are liable for assignment at any time. If a short Contract Option is assigned, the Client is obliged, within the applicable time of delivery, to deliver the relevant amount of cash or assets in the case of a call Contract Option and the relevant amount of cash in the case of a put Contract Option, to effect settlement.

- 5.8 Benor Capital Ltd may (but shall not in any circumstances be obliged to) require confirmation in such form as Benor Capital Ltd may reasonably request if an instruction is to close an Account or remit money due to the Client or if it appears to Benor Capital Ltd that such confirmation is necessary or desirable.
- 5.9 Pursuant to general rules regarding power of attorney the Client is accountable to Benor Capital Ltd for losses which Benor Capital Ltd may suffer as a result of instructions from a person who has explicitly or tacit power of attorney to give Benor Capital Ltd instructions on behalf of the Client.
- 5.10 Benor Capital Ltd reserves the right in its absolute discretion to cancel, unwind, close out, repair, reinstate or take other action it may deem necessary with respect to open or closed trades of Client or instructions from the Client where the trades executed or instructions submitted would be in violation of, but not limited to, the Agreement, securities markets legislation, usual market practices, legislation on money laundering or insider trading or if the Client is using or has otherwise engaged proprietary or third party malicious and manipulative software or plugins or general trading style that in Benor Capital Ltd's, its eligible counterparties' or liquidity providers' view, has the actual, suspected or potential nature of breaching the Agreement or relevant securities markets legislation or Benor Capital Ltd believes that to execute its absolute discretion with the regards to the above matters is necessary to protect its own interests, or the interests of its Clients.
- 5.11 Benor Capital Ltd reserves the right to immediately terminate client access to the trading platforms and/or recover any losses incurred in the event Benor Capital Ltd determines in its sole discretion that the Client voluntarily and/or involuntarily undertook to abuse of Negative balance (or in any way which is contrary to good faith or the terms of the 'Client Agreement') either on an individual Account, or multiple Account(s) or multiple profiles and/or between one or more Client(s) of Benor Capital Ltd. Not exhaustively and for purposes of an example alone, a Client hedging his/her exposure utilising his/her accounts under the same or different Client profile would constitute an abuse as well as a Client requesting a withdrawal of his/her Client Money -notwithstanding any of the provisions of the 'Client Agreement'- when the symbol he/she is trading is not available for trading at Benor Capital Ltd during that specific timeframe. And/or where a Client transfers fund from his/her Account to the Wallet before opening or while having open positions, in a manner which indicates an attempt to abuse. For the avoidance of doubt, it is stressed that the above referred instances are presented merely as an example and they should not be considered as being instances of an exhaustive list.
- 5.12 Benor Capital Ltd reserves the right, where in its absolute discretion believes that reasonable suspicion for abusive trading behaviour exists, to group together multiple orders on a specific CFD and manually execute them as one order at the volume-weighted average price.
- 5.13 In general, Benor Capital Ltd shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistent with the broker's Best Execution Policy. However, if after instructions are received, Benor Capital Ltd believes that it is not reasonably practicable to act upon such instructions within a reasonable time, Benor Capital Ltd may defer acting upon those instructions until it is, in Benor Capital Ltd's reasonable opinion, practicable to do so or as soon as possible notify the Client that Benor Capital Ltd is refusing to act upon such instructions.
- 5.14 It is possible that errors may occur in the prices of transactions quoted by Benor Capital Ltd. In such circumstances, without prejudice to any rights it may have, Benor Capital Ltd shall not be bound by any Contract which purports to have been made (whether or not confirmed by Benor Capital Ltd) at a price which:
 - i. Benor Capital Ltd is able to substantiate to the Client was manifestly incorrect at the time of the transaction; or

- ii. was, or ought to have reasonably been known by the Client to be incorrect at the time of the transaction. In which case Benor Capital Ltd reserves the right to either
 - cancel the trade all together or
 - correct the erroneous price at which the trade was done to either the price at which Benor Capital Ltd hedged the trade or alternatively to the historic correct market price.
- 5.15 Trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping") are not accepted by Benor Capital Ltd. Provided that Benor Capital Ltd can document that there on the time of the conclusion of the trade were errors in prices, commissions, or in the Trading Platform, and provided Benor Capital Ltd can render probable that the Client, based on its trading strategy or other provable behavior, deliberate and/or systematically has exploited or attempted to exploit such an error, Benor Capital Ltd is entitled to take one or more of the following countermeasures:
 - i. adjust the price spreads available to the Client;
 - ii. restrict the Client's access to streaming, instantly tradable quotes, including providing manual quotation only;
 - iii. retrieve from the Client's account any historic trading profits that Benor Capital Ltd can document have been gained through such abuse of liquidity at any time during the client relationship; and/or
 - iv. terminate the client relationship immediately by giving written notice.
- 5.16 If the Client is more than one person (for example, joint account holders):
 - i. the liabilities of each such person shall be direct, joint and several;
 - ii. Benor Capital Ltd may act upon instructions received from anyone person who is, or appears to Benor Capital Ltd to be, such a person, whether or not such person is an Authorised Person;
 - iii. any notice or other communication provided by Benor Capital Ltd to one such person shall be deemed to have been provided to all such persons; and
 - iv. the rights of Benor Capital Ltd under Clause 20 shall apply if an event described in Clause 20 shall be deemed to have occurred in respect of any one of such persons.
- 5.17 The Client agrees that Benor Capital Ltd may record all telephone conversations, internet conversations (chat), and meetings between the Client and Benor Capital Ltd and use such recordings, or transcripts from such recordings, as evidence towards any party (including, but not limited to, any regulatory authority and/or court of law) to whom Benor Capital Ltd at its reasonable discretion sees it to be desirable or necessary to disclose such information in any dispute or anticipated dispute between Benor Capital Ltd and the Client. However, technical reasons may prevent Benor Capital Ltd from recording a conversation, and recordings or transcripts made by Benor Capital Ltd will be destroyed in accordance with Benor Capital Ltd's normal practice. Consequently, the Client should not rely on such recordings to be available.
- 5.18 When the Client instructs Benor Capital Ltd to enter into a position opposite to one or more of the Client's open positions, Benor Capital Ltd will close out the opposite position in accordance with the FIFO principles unless the position has related orders or otherwise agreed.
- 5.19 The Client acknowledges that Benor Capital Ltd has the right to, but not the obligation to close directly opposite positions. This applies not only when the positions are held on the on the same account, but also when they are held on separate accounts.

15. MARKET MAKING

- 15.1 When Benor Capital Ltd executes orders as Agent for the Client on a recognized stock or futures exchange, Benor Capital Ltd will not be a party to such a trade as such orders will be executed in the trading system of the relevant exchange at the best price and the most favourable conditions available at the time of the order or according to the Client's specific instructions, e.g. in a situation where the Client has chosen to limit the order. Benor Capital Ltd will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Commissions, Charges & Margin Schedule.
- 15.2 The Client is specifically made aware that in certain markets, including the foreign exchange markets, OTC foreign exchange options and CFD Contracts, Benor Capital Ltd may act as a Market Maker.
- 15.3 When acting as a Market Maker, Benor Capital Ltd will under normal market circumstances quote the Client bid and ask prices.
- 15.4 In order for Benor Capital Ltd to quote prices with the swiftness normally associated with speculative trading, Benor Capital Ltd may have to rely on available price or availability information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from Counterparties. If so and if Benor Capital Ltd has acted in good faith when providing the price to the Client, Benor Capital Ltd may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.
- 15.5 Following execution of any position with a Client, Benor Capital Ltd may at Benor Capital Ltd's reasonable discretion subsequently offset each such client position with another client position, or a position with one of Benor Capital Ltd's Counterparties or retain a proprietary position in the market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in Benor Capital Ltd off- setting client positions at prices different (sometimes significantly different) from prices quoted to clients, resulting in trading profits or losses for Benor Capital Ltd. This in turn can raise the possibility of the Client incurring what may be seen as an implied cost (i.e. the difference between the price at which the Client traded with Benor Capital Ltd and the price at which Benor Capital Ltd subsequently traded with Counterparties and/or other clients) due to any profits realised by Benor Capital Ltd as a result of the Market Making function. However, the Market Making function may involve significant costs to Benor Capital Ltd if the market moves against Benor Capital Ltd as compared to the price at which Benor Capital Ltd traded with the Client.
- 15.6 The Client accepts that Benor Capital Ltd in such markets where Benor Capital Ltd acts as Market Maker, may hold positions that are contrary to positions of the Client, resulting in potential conflicts of interest between Benor Capital Ltd and the Client, cf. Clause 16.

- 15.7 In markets, where Benor Capital Ltd acts as a Market Maker, the Client accepts that Benor Capital Ltd has no obligation to quote prices to clients at all times in any given market, nor to quote such prices to clients with a specific maximum spread.
- 15.8 In markets, where Benor Capital Ltd acts as a Market Maker, Benor Capital Ltd may or may not charge commissions. However, irrespective of whether or not Benor Capital Ltd charges any commissions, the Client accepts that Benor Capital Ltd will seek to make additional profits out of its performance as a Market Maker and the size of any such profits may be considerable if and when compared with the Client's margin deposit.
- 15.9 The Client acknowledges, recognizes and accepts that the price quoted to the Client includes a spread when compared with the price to which Benor Capital Ltd may have covered or expected to be able to cover the Contract in a trade with another client or a Counterparty. Furthermore, the Client acknowledges, recognizes and accepts that said spread constitutes remuneration to Benor Capital Ltd and that such spread not necessarily can be calculated for all Contracts and that such spread will not be specified at the Settlement/Trade Confirmation or otherwise revealed to the Client.
- 15.10 The Client acknowledges, recognizes and accepts that Benor Capital Ltd quotes variable spreads on options. The Client is specifically made aware that variable option spreads are affected by actual market conditions, which are beyond Benor Capital Ltd's control. Benor Capital Ltd does not guarantee any maximum or minimum quotable option spreads.
- 15.11 Any commission costs, interest charges, costs associated to and included in the spreads quoted by Benor Capital Ltd as a Market Maker in certain markets and other fees and charges will consequently influence the Client's trading result and will have a negative effect on the Client's trading performance compared to a situation if such commission costs, interest charges, costs associated to and included in the spreads did not apply.
- 15.12 Whilst dealing spreads and commissions are normally considered moderate seen in relation to the value of the assets traded, such costs may be considerable when compared with the Client's margin deposit. As a consequence thereof the Client's margin deposit may be depleted by trading losses that the Client may incur and by the directly visible dealing costs such as commissions, interest charges and brokerage fees as well as the said not visible costs for the Client, caused by Benor Capital Ltd's performance as a Market Maker.
- 15.13 If the Client is an active trader and is undertaking numerous transactions, the total impact of as well visible as not visible costs may be significant. Consequently, the Client may have to obtain significant profits in the markets in order to cover the costs associated with trading activities with Benor Capital Ltd. For very active Clients, such costs may over time exceed the value of the margin deposited. Normally, when trading margined derivatives, the lower the percentage of the applicable margin rate, the higher the proportion of the costs associated with executing a transaction.
- 15.14 The Client is specifically made aware that in the area of market making in foreign exchange, OTC foreign exchange options, CFD Contracts and other OTC products, significant implied costs can arise as a consequence of the profits made by Benor Capital Ltd performing in its capacity as a Market Maker.
- 15.15 Benor Capital Ltd's performance as a Market Maker may negatively affect the Client's Account with Benor Capital Ltd and the said implied costs are neither directly visible nor directly quantifiable for the Client at any time.
- 15.16 Benor Capital Ltd is at no time obliged to disclose any details of its performance or income produced as a Market Maker or otherwise related to other commissions, charges and fees.
- 15.17 The Client is specifically made aware that CFD Contracts may be OTC products quoted by Benor Capital Ltd whilst operating as a Market Maker and not traded on a recognized stock exchange. As a result, the description above of the implied, not visible costs related to Benor Capital Ltd's performance as a Market Maker may also apply to any CFD Contract.

16. AGGREGATION AND SPLIT

16.1 Benor Capital Ltd is in accordance with the broker's Best Execution Policy entitled to aggregate the Client's orders with the broker's own orders, orders of any of the broker's associates and/or persons connected with Benor Capital Ltd including employees and other clients. Furthermore, Benor Capital Ltd may split the Client's orders when executing these. The orders will only be aggregated or split if Benor Capital Ltd reasonably believes it to be in the best interest of the Client. On some occasions, aggregation and split of the Client's order may result in the Client obtaining a less favourable price than if the Client's orders had been executed respectively separately or mutually.

17. CONFLICTS OF INTEREST

17.1 Benor Capital Ltd, its associates or other persons or companies connected with Benor Capital Ltd may have an interest, relationship or arrangement that is material in relation to any transaction or Contract effected, or advice provided by Benor Capital Ltd, under this Agreement. By accepting this Agreement and Benor Capital Ltd's Conflict of Interest Policy (which distinctly describes the general character and/or background of any conflict of interest) the Client agrees that Benor Capital Ltd may transact such business without prior reference to any potential specific conflict of interest.

18. BENOR CAPITAL LTD'S COUNTERPARTIES

18.1 In order to give effect to the Client's instructions, Benor Capital Ltd may instruct a Counterparty selected at Benor Capital Ltd's discretion and Benor Capital Ltd shall do so where the transaction is to be subject to the rules of an exchange or market of which Benor Capital Ltd a member is not.

18.2 Benor Capital Ltd shall not be responsible for errors committed by such Counterparties unless it is proven that Benor Capital Ltd has not acted with sufficient care when selecting the Counterparty.

19. INTRODUCING BROKERS

19.1 The Client may have been referred to Benor Capital Ltd by an Introducing Broker. If so, Benor Capital Ltd shall not be responsible for any agreement made between the Client and the Client's Introducing Broker. The Client acknowledges that any such Introducing Broker will either be acting as an independent intermediary or an Agent for the Client and that no such Introducing Broker shall be authorised to make any representations concerning Benor Capital Ltd or Benor Capital Ltd's Services.

19.2 The Client is specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs as Benor Capital Ltd may pay fees or commission to such person.

19.3 The Client is also specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs for the client because the Introducing Broker can deduct commissions and fees as well as price or interest/financing rate adjustments for any trade conducted on or allocated to the Client's account either by the Introducing Broker or the Client.

19.4 If the Introducing Broker undertakes any deductions from the Client's Trading Account according to any agreement between the Client and the Introducing Broker, Benor Capital Ltd has no responsibility as to the existence or validity of such an agreement.

19.5 Benor Capital Ltd shall have no responsibility or liability to the Client in following the instructions given by the Introducing Broker. Benor Capital Ltd is under no obligation to supervise or otherwise know or review the payment instructions or any other acts, including but not limited to the trading, of the Introducing Broker.

19.6 The client acknowledges and accepts that frequent transactions may result in a sum total of

commissions, fees, price or interest/financing rate adjustments for trades conducted that may be substantial and not necessarily be offset by the net profits, if any, achieved from the relevant trades. The responsibility for correctly assessing whether the size of the total commissions, fees, price or interest/financing rate adjustments for trades conducted paid from the Client's account makes trading commercially viable, is the combined responsibility of the Client and the Introducing Broker. Benor Capital Ltd only acts as the custodian and principal broker, and therefore is not responsible for the size of the commissions and fees as well as price or interest rate paid by the Client.

- 19.7 Any commissions, fees, price or interest/financing rate adjustments for trades conducted may be shared between the Introducing Broker, Benor Capital Ltd and third parties according to the Introducing Broker's written instructions and/or at Benor Capital Ltd's discretion.

- vii. close-out all Contracts and net all the Client's and Benor Capital Ltd's obligations towards each other as of the date fixed by Benor Capital Ltd with effect to third parties.

29. RISK DISCLOSURE STATEMENT FOR TRADES IN FOREIGN EXCHANGE AND DERIVATIVES (INCLUDING CFD'S, FUTURES AND OPTIONS)

This brief statement, which constitutes an addition to this Agreement, does not disclose all of the risks and other significant aspects of trading foreign exchange and derivatives. In consideration of the risks, you should enter into transactions with the mentioned products only if you understand the nature of the contracts and the contractual legal relationship into which you are entering and the extent of your exposure to risk. Transactions in foreign exchange and derivatives are not suitable for many members of the public. You should carefully consider whether transacting is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

APPENDIX

1. FOREIGN EXCHANGE AND DERIVATIVES

1.1 Effect of "Leverage" or Gearing

Transactions in foreign exchange and derivatives carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign exchange or derivatives contract so that transactions are "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with Benor Capital Ltd to maintain your position. If the market moves against your position and/or margin requirements are increased, you may be called upon to deposit additional funds on short notice to maintain your position. Failing to comply with a request for a deposit of additional funds, may result in closure of your position(s) by Benor Capital Ltd on your behalf and you will be liable for any resulting loss or deficit.

1.2 Risk-reducing Orders or Strategies

The placing of certain orders (e.g. "stop-loss" orders, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be adequate given that markets conditions make it impossible to execute such orders, e.g. due to illiquidity in the market. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.

2. OPTIONS

2.1 Variable Degree of Risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e., put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs. The purchaser of options may offset or exercise the options or allow the option to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased option is out-of-the-money when it expires, you will suffer a total loss of your investment, which will consist of the option premium plus transaction costs. If you are contemplating purchasing out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote. Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavourably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is "covered" by the seller holding a corresponding position in the underlying asset, in a future or in another option, the risk may be reduced. In case the option is not covered, the risk of loss can be unlimited. Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

3. ADDITIONAL RISKS COMMON TO FOREIGN EXCHANGE AND DERIVATIVE TRANSACTIONS

You should ask the firm with which you deal about the terms and conditions of the Contracts entered into and information on associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

Market condition (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or close/ offset positions. If you have sold options, this may increase the risk of loss.

Normal pricing relationships between the underlying asset and a derivative do not always exist. The absence of an underlying reference price may make it difficult to judge "fair" value.

3.1 Deposited Cash and Property

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

3.2 Commission and Other Charges

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

3.3 Transactions in Other Jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

3.4 Currency Risks

The profit or loss in transactions in foreign currency-denominated contracts in another currency than your account currency will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to the account currency.

3.5 Trading Facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

3.6 Electronic Trading

Trading on an electronic trading system may differ not only from trading in an open- outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic

trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfillment of the margin requirements.

3.7 Off-Exchange Transactions

In some jurisdictions firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterpart to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.
